

**Stonehill Community
Architectural Committee Meeting
March, 2008**

Responding: Paul Brimeyer, Al Giegerich, Jack Linden, Neil McCullough, Karen Neyens, Bob McCune, Jane Locher, Darlene Conzett

One request was received. Because it was straightforward and did not appear to need discussion, the committee members were contacted via email with the request information. Eight of the ten members replied with recommendations for approval.

Requests

Unit 885: Replace entry door. The request did not specify door style or color. Darlene Conzett called the owner to obtain further information. The owner said she plans to replace the door with a door exactly like the one currently installed (approved) and it will be painted to match the garage door (approved color). There will be no panels or glass on the door.

Recommendation: The committee recommends approval but the door must follow the currently approved styles and colors.

Next Meeting: April 8, 2008, 6:30 pm at 829 Stone Ridge Place

Darlene Conzett, Chairperson, Architectural Committee
